STARTING UP DOESN'T HAVE TO MEAN STARTING FROM SCRATCH

You've already mastered one trade. Starting a new business means juggling many tasks. If you're like many small business owners, setting up the books is outside of your comfort zone. So don't spend your precious time struggling with the learning curve of accounting. *All In One Accounting* coaches you in our profession so you can hit the ground running in yours.

OUR "RIGHT FROM THE START" SERVICE IS IDEAL FOR NEW SMALL BUSINESS OWNERS

Wise decisions and business plan revisions are only possible when accurate numbers are available. Our "Right from the Start" service provides the peace of mind that comes with a reliable accounting set-up from ground zero. Having all your financial data organized and accurate will save you time — time you'll need for building a successful business. It will also save you money and hassle come year-end.

We visit your site to perform essential start-up tasks. During a four-hour appointment we will organize you and your staff to:

- ✓ Set up your accounting software correctly
- ✓ Develop your unique chart of accounts
- ✓ Set up your payroll, banking and invoicing forms and systems
- ✓ Set up procedures to cover month-end reporting
- ✓ Understand navigational tips, tools, and warnings
- ✓ Track expenses and profitability by market, service, or location
- ✓ Make insightful reports and graphs

We also offer phone support after your first meeting.

Starting at the basic price of \$450, "Right from the Start" is simply the best way to get your financial systems up and running. So call us to set a date.
